

Dear parents, teachers, loving students and well wishers

Christmas is a time of great joy, signaling the birth of Jesus, our Savior and Messiah. There are many prophecies throughout the Bible of the coming of Jesus Christ. One such prophecy in the Bible we find “Look the virgin shall conceive and bear a son, and they shall call him Emmanuel which means God is with us”. Jesus the Prince of Peace is born into this world to be with us always. He gives us hope and courage to look forward even in difficult situation. God taking the form of a poor human being born in a simple cow shed is a great consolation for all of us that he understands all our worries, difficulties, sickness, poverty, happiness and joy. Hence even in this unprecedented time of COVID-19 Pandemic where we live in the midst of a continual stream of bad news, there is always hope. A hope is created in our minds that soon vaccine will be available, a hope that soon we will return to normalcy, a hope that soon those who lost jobs will find new jobs, a hope that soon your parents will set up their business to normalcy, a hope that soon schools will reopen and you can prepare well for your future and friends this is the message of hope which is CHRISTMAS. Hence on behalf of the entire Arnoldian family I wish you a Merry Christmas and a Prosperous New year. May you all experience the Peace, Joy and Happiness during this season of Christmas. May God bless all.

Regards

Principal
