

Circular Regarding the Forth Coming Events:

Dear parents and students, wish you a Prosperous and Happy New Year 2022. We are still struggling to overcome the Pandemic dangers paused by the Covid-19, and the Omicron. We need to stand together to ensure the safety and the better future of our children. I appeal to all the parents to complete both the doses of the vaccination on priority basis if you haven't completed.

Vaccination of students "between 15 to 18"

We have been anxiously waiting for the vaccination of our children and that day is no longer away from us. We have already got the notification circular from the Education Department regarding the vaccination of students within the age of 15 to 18. I am very happy to inform you that our school is selected as a center for the vaccination of our students of this category. The Nodal officer and the teachers will be given training very soon for the smooth conduct of the vaccination of our students in the school itself. Kindly assure your co-operation for the smooth completion of this within the time limit which will be announced soon. Vaccination has been made compulsory for all the students aging between 15 to 18 by the education department and it is our responsibility to vaccinate our children without fear and anxiety. Since vaccination has to be completed within the allotted time period, kindly be alert towards the calls of our teachers and respond positively. You are expected to carry a copy of either Aadhar Card or Birth Certificate of the child. If you have already done the vaccination kindly submit a copy of it to the respective class teacher.
