

Class-1

Subject- Maths

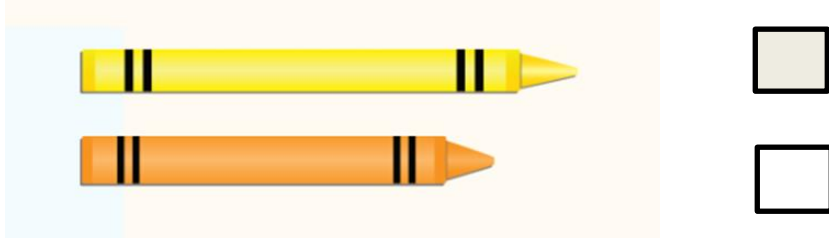

Chapter-2 Measurement

Points to remember :- (Kindly write in your copy.)

- 1. Measurement means size of something.**
 - 2. The words tall, long and short tell us about the length of something.**
 - 3. Long ago, people used parts of their body to measure things. They used words CUBIT, HANDSPAN, FINGERS AND PACE (FOOTSPAN).**
 - 4. The words heavy and light tell us about the weight of someone or something.**
 - 5. Capacity is the amount of liquid a container can hold. The words more and less tell us about the capacity.**
-
