

## CHAPTER - 4

### FRACTION

Points to Remember- (note down in your note book) -

- 1) A fraction is a part or portion of the whole.
- 2) When we divide any object into 2 equal parts .Each part is one half.
- 3) We write whole as 1.
- 4) We write one half as  $\frac{1}{2}$ .
- 5) We read it as half or one by two.
- 6) When we divide any object in to four equal parts .Each part is called one quarter.
- 7) We write one quarter as  $\frac{1}{4}$ .
- 8) We read it as quarter or one by four.
