

# St.Arnold's Hr.Sec.School

## Subject- English

### Grade- 6,7,8

### Lesson Plan 1

**March 29,2020**

***Hello Everyone!***

*How are you all doing? I (Deepti Das your teacher) hope you all are enjoying your stay at home with your parents, eating and relishing your mom's made delicacies, watching television, playing indoor games, listening stories from your grandparents and more over sleeping till late in the morning.*

*How about sparing sometime enhancing your knowledge? As educating your own self and keeping yourself updated with the basics of your grade based academics is no harm.*

*Let's keep it interesting, entertaining and at the same time a fruitful learning experience too.*

*We will be sending you some interesting links of the videos along with the worksheets or activities, which you can go through and test your own knowledge (that's kind of being your own teacher).*

#### **So let's begin-**

1. Click on the given link and watch the video carefully, watch it again if required.  
<https://www.youtube.com/watch?v=nQkwdAx4xA>

2. Now explain what you have learnt through the video to your parents in your own words.

This much for today, but make sure you watch the video sincerely as the next lesson will be based on your day one lesson.

Note:

- **Internet connection is must.**
- **Keep checking your emails for further lessons and practice exercises.**

**Thank you... & wishing you all a healthy, happy and a knowledgeable stay at home.**
