Hello Parents,

Greetings !

Keeping in mind your child's safety and Government guidelines , school has decided to start the academic session 2020-2021 virtually. The Solution will be implemented using Google Classroom.

Your ward has been issued a new email-ID from the school which you must have received on your email/whatsapp. This is the only EMAIL which will be utilised for attending classes and getting the other academic work related to school.

You are recommended to use any basic PC / Laptop to attend the class as that offers a bigger screen and the child will be able to read from the screen comfortably (Even Laptop/PC based on entry level ATOM processor will work fine). The following is the process of using the virtual class using PC/ Laptop. *It is recommended not to use phone*. You may use any basic Android tablet as well . For android devices you will have to download Google Classroom app and Google Meet app from the playstore.

The Email ID can be opened by going to

www.gmail.com

(In case you are already using some gmail account from the same device, please sign out from all the gmail accounts)

You have to login using the E-Mail ID Provided by the classteacher.

Click on NEXT and than put in the password provided. You will see the following screen

Click on Accept

Once you open the new Gmail you will find the inbox similar to one shown Below. Wherein you will see a mail with Subject Class Invitation.

Once you click on the mail you will get the following Screen
